Cross-Cultural Mentoring: Let's Bridge the Gap

Presented By: Royce Carpenter

The workshop will teach interpreting professionals and students to analyze their thoughts concerning cross-cultural mentoring. Nuances and dynamics of diverse ideas, language, perspectives associated within and outside of their own cultural norms will be addressed. Ethical decisions related to discussing culturally relevant issues in the Black Deaf and Black hearing communities and how they impact the interpreting process and consumer satisfaction would be explored. The workshop will teach techniques for cross-cultural mentoring conflict resolution.

A total of .65 CEUs in Professional Studies pending
Continental Breakfast, Beverages, Lunch, & Snacks provided

NorCRID is committed to creating a fully accessible conference. Attendees will communicate in ASL only. The venue will be accessible to all people and have gender neutral bathrooms. Please refrain from using any and all scented products due to chemical sensitivities/allergies.

BayTOC FAQ

Who are we?

We are a collective group of Bay Area Deaf and ASL/English interpreters who recognized a need for social and professional development opportunities as well as financial assistance for interpreters of color

Can I join?

If you are an interpreter of color and there is availability the committee can vote you in. We maintain a maximum of 6 members and a minimum of 5 members at all times. Meetings are open to all interpreters of color.

How may I apply for the scholarship?

You must be a POC and an interpreter or interpreting student. If you are willing to interview either through video chat or attend in person with the committee then you will be considered for the scholarship. The funds may be used for any educational opportunity that will further your path towards being an interpreter. You must live in one of the counties in the Bay Area, although the scholarship can be used at conferences or workshops nationwide.

Can I use the scholarship for test fees?

Yes, if it is for the EIPA, NIC (written and performance) or CDI tests.
